4. Read the following text and select the correct answers.

Ivan's day in the city

I live in the outskirts and I always travel to the city on Saturdays because most shops are open and there is a lot going on. I don't like to drive my car to the centre because it is crowded so I normally take the bus. Once I am there, I usually go shopping or for a walk. Then I always meet my friends at Bruno's, an Italian restaurant we like very much, and then I sometimes go to the cinema. If not, I visit my granny and we have tea together. In the evening, I take the bus back home and I usually cook dinner for myself. Then I sometimes watch TV or read a book on the sofa. I don't like to go to bed too late because on Sundays I always get up early for a walk in the countryside. I love nature.
